

Let us help you look and feel your best!

GLENN MEDICAL SPECIALTY CLINIC • 1133 W. SYCAMORE ST., WILLOWS
For more information or to make an appointment for these services call 934-1820.

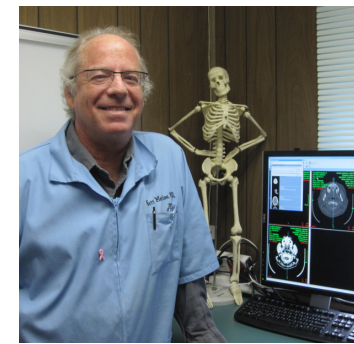

New patients are welcome. Medical, Medicare and most private insurances are accepted.

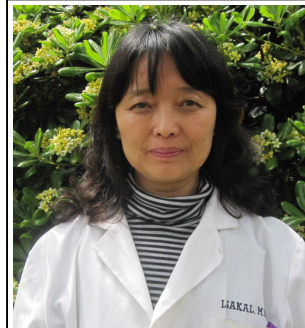

Feel great with a restful night's sleep.

Our comprehensive sleep services include: clinical sleep examinations, treatment and consultations for adults and children age three and above. The on-site sleep lab offers advanced technology with pleasant and comfortable rooms for overnight sleep testing (*pictured left*).

Dr. Matthew Merliss, Neurologist, and staff are interested in all the strange and wonderful things that happen during sleep and are here to help you get a good night's rest.

Dr. Matthew Merliss

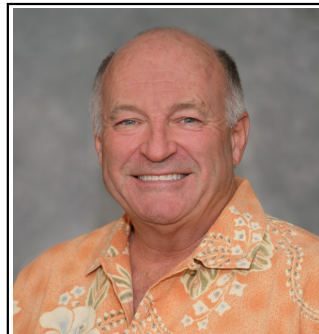

Radiate confidence with healthy skin.

The skin is our largest organ; it protects us, regulates our temperature and acts as an interface between our mind, body and the world. The goal of dermatologist, Dr. Lijun Sakal, is to help you achieve and maintain healthy skin.

We offer complete dermatologic care and perform minor surgical procedures. All of our staff is dedicated to your comfort and prompt attention.

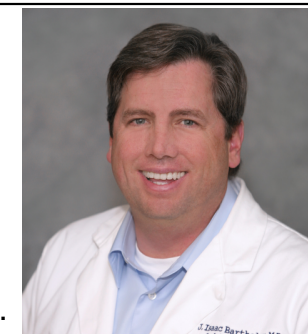

Dr. Lijun Sakal

We will help you see well into your future.

Ophthalmologists, Val K. Shaw, M.D. and J. Isaac Barthelow, M.D. are specialists in Cataracts, Dry Eye, LASIK, Eye Exams and Eyeglasses.

It is important for people with hypertension, diabetes, a family history of glaucoma and for all people over the age of 55 to get regular eye exams. If you are having eye irritation or vision impairment, contact us for a screening.

Val K. Shaw, M.D.
